

**ISUP COMPANION MEETINGS
2003 - 2011**

DATE	LOCATION	TOPIC	MODERATORS	PRESENTATIONS	PRESENTERS
March 22, 2003	Washington, DC	Cancer Classifications and Staging – an update	Liang Cheng , Indiana University School of Medicine, Indianapolis, IN Edward C. Jones , Vancouver Hospital and Health Science Centre and the University of British Columbia, Vancouver, BC	Personal Comments	Leopold G. Koss
				Kidney Cancer Classification and Staging: 2003	John N. Eble
				Prostate Cancer Classification and Staging: 2003	Edward C. Jones
				Bladder Cancer Classification and Staging: 2003	Victor E. Reuter
				Testis Cancer Classification and Staging: 2003	Thomas M. Ulbright
March 6, 2004	Vancouver, BC	Tumor-like Conditions in Urologic Pathology	Liang Cheng , Indiana University School of Medicine, Indianapolis, IN Edward C. Jones , Vancouver Hospital and Health Science Centre and the University of British Columbia, Vancouver, BC	Tumor-like Conditions of the Testis and Paratestis	John R. Srigley
				Tumor-like Conditions of the Urinary Bladder	Edward C. Jones
				Tumor-like Conditions of the Prostate	David G. Bostwick
				Application of Ancillary Studies to Urologic Tumor-like Conditions	Peter A. Humphrey
February 26, 2005	San Antonio, TX	Problematic Patterns in Genitourinary Pathology	Liang Cheng , Indiana University School of Medicine, Indianapolis, IN Edward C. Jones , Vancouver Hospital and Health Science Centre and the University of British Columbia, Vancouver, BC	Cribriform Proliferations of the Prostate	Jonathan I. Epstein
				Glandular Lesions of the Urinary Bladder	Mahul B. Amin
				Cystic Tumors of the Kidney	John N. Eble
				Tubular Lesions of the Testis	Robert H. Young
February 11, 2006	Atlanta, GA	Controversials in Urological Pathology	Liang Cheng , Indiana University School of Medicine, Indianapolis, IN Edward C. Jones , Vancouver Hospital and Health Science Centre and the University of British Columbia, Vancouver, BC	President's Message and ISUP Gleason Grading Consensus	Jonathan I. Epstein

**ISUP COMPANION MEETINGS
2003 - 2011**

				Inflammatory Myofibroblastic Tumors of the Genitourinary Tract: Etiology, Diagnosis, and Management	Elizabeth Montgomery
				Perivascular Epithelioid Cell Tumor (PEComa) in the Genitourinary Tract	Guido Martignoni
				Inverted Papillomas of the Bladder and Their Variants Versus Inverted Growth Patterns of Cancer	Antonio Lopez-Beltran
				AMACR: A Help or Hindrance in the Diagnosis of Prostate Cancer?	Ximing J. Yang
				Immunohistochemistry for the Diagnosis of Renal Cell Carcinoma: Does It Really Help and Make a Difference?	John C. Cheville
March 24, 2007	San Diego, CA	Unusual Tumors in Urological Pathology	Liang Cheng , Indiana University School of Medicine, Indianapolis, IN Edward C. Jones , Vancouver Hospital and Health Science Centre and the University of British Columbia, Vancouver, BC	President's Remark	Jonathan I. Epstein
				Secondary Tumors Involving the Genitourinary Organs	George Netto
				Soft Tissue Lesions of the Genitourinary Organs	Andrew L. Folpe
				Neuroendocrine Lesions of the Genitourinary Organs	Samson W. Fine
				Hematologic Malignancies of the Genitourinary Organs	Lynn V. Abruzzo
March 1, 2008	Denver, CO	Recent Advances in Urological Pathology	Holger Moch , University Hospital of Zürich, Zürich, Switzerland Liang Cheng , Indiana University School of Medicine, Indianapolis, IN	President's Remark	Brett Delahunt
				Classification of Testicular Germ Cell Tumors: Insights from Immunohistochemistry	Victor E. Reuter
				Recent Developments in the Diagnosis of Adrenal Neoplasia	Ricardo V. Lloyd
				Recent Developments in the Pathology of Renal Cell Neoplasia	John N. Eble
				Molecular Alterations in Prostate Cancer as Diagnostic and Therapeutic Targets	Angelo De Marzo

**ISUP COMPANION MEETINGS
2003 - 2011**

March 7, 2009	Boston, MA	Particularly Problematic Interpretations in Urologic Pathology	Holger Moch , University Hospital of Zürich, Zürich, Switzerland Liang Cheng , Indiana University School of Medicine, Indianapolis, IN	President's Remark	Brett Delahunt
				The Non-Neoplastic Kidney in Tumor Resections: Host Versus Tumor-Related Alterations	Stephen M. Bonsib
				Cancer Mimickers of Benign Prostatic Lesions	Cristina Magi-Galluzzi
				Diagnostic Pitfalls in the Pathologic Staging of Select Urologic Malignancies	Mahul B. Amin
				Cystic Renal Tumors: New Entities and Novel Concepts	Holger Moch
				Selected Problematic Issues in Bladder Specimen Interpretation	Robert H. Young
March 20, 2010	Washington, DC	Hot Topics in Urological Pathology	Holger Moch , University Hospital of Zürich, Zürich, Switzerland Esther Oliva , Massachusetts General Hospital, Boston, MA	Introduction and President's Remarks	John Srigley
				Handling and Staging Radical Prostatectomy Specimens: Recommendations from the 2009 ISUP Consensus Conference	Lars Egevad
				Treatment Effects in the Prostate Including Those Associated with Emerging Focal Therapies	Andrew Evans
				Renal Tumors with Eosinophilic Cytoplasm: A Contemporary Approach to a Challenging Differential Diagnosis	Jesse McKenney
				New Concepts and Entities in Penile Cancer Pathology	Elsa Velazquez
February 26, 2011	San Antonio, TX	Contemporary Issues in the Pathology of Bladder Carcinoma	Cristina Magi-Galluzzi , Cleveland Clinic, Cleveland, OH Kiril Trpkov , University of Calgary, Calgary, AB, Canada	Introduction and President's Remarks	John Srigley
				Practical Issues in Diagnosis, Grading, and Staging of Urothelial Carcinoma	Mahul Amin
				The Diverse Morphological Faces of Carcinoma of Urinary Bladder	Antonio Lopez-Beltran

**ISUP COMPANION MEETINGS
2003 - 2011**

				Tumor-Like Lesions and Benign Histologic Mimickers of Bladder Carcinoma	Esther Oliva
				The Molecular Pathology of Bladder Carcinoma and Future Perspectives	George Netto
