

23rd European Congress of Pathology (ECP 2011)

UROPATHOLOGY SESSIONS

Helsinki, Finland

27 August to 1 September, 2011

BUSINESS MEETING of the Working Group of Uro pathology: High-grade PIN vs. intraductal carcinoma

Chairs: Gregor Mikuz (Austria) and Maurizio Colecchia (Italy)

August 29, 2011; 5:00 pm – 7:30 pm

Cristina Magi-Galluzzi (USA): High-grade PIN vs. intraductal carcinoma

Gabriella Nesi (Italy): ERG fusion status and cancer progression in the prostate

SYMPOSIUM: Update on Renal Cell Tumours of the Adults

Chairs: Rodolfo Montironi (Italy) and Brett Delahunt (New Zealand)

August 30, 2011; 8:00 am – 11:30 am

Rodolfo Montironi (Italy): Introduction

John N. Eble (USA): An overview of the classification of renal cell neoplasia

Ming Zhou (USA): Recently described RCC morphotypes

Brett Delahunt (New Zealand): Staging and grading of renal cell carcinomas

Holger Moch (Switzerland): Molecular biology of renal tumours

Guido Martignoni (Italy): PEComas

Brett Delahunt (New Zealand): Conclusions

SHORT COURSE: Update on Urinary Bladder Pathology. Tumours and tumour-like lesions of the urinary bladder.

Chairs: Antonio Lopez-Beltran and Arndt Hartmann

August 30, 2011; 2:00 pm – 4:30 pm

Antonio Lopez-Beltran (Spain): Adenocarcinoma and glandular lesions of the bladder.

Rafael Jimenez (USA): Inverted urothelial lesions

Theo Van der Kwast (Canada): Bladder cancer grading: Current concepts and future perspectives

Liang Cheng (USA): Pathologic staging of transurethral resection specimens

Jesse McKeene (USA): Morphologic variants of invasive urothelial carcinoma: Recent advances on selected entities

Eva Comperat (France): Bladder CIS and dysplasia

Arndt Hartmann (Germany): Immunohistochemical prognostic markers in bladder cancer: Current concepts and future perspectives

SLIDE SEMINAR : Uropathology slide seminar.

Chairs: Ferran Algaba (Spain) and Anna Sankila (Finland)

August 30, 2011; 5:00 pm – 7:30 pm

Marina Scarpelli (Italy)

Isabel Trias (Spain)

Anna Sankila (Finland)

Pedro Oliveira (Portugal)

Kiril Trpkov (Canada)

Dan Berney (UK)

Ferran Algaba (Spain)

VIDEOMICROSCOPY: Uropathology

Chairs: Rodolfo Montironi (Italy) and George Netto (USA)

August 31, 2011; 8:00 am – 11:30 am

George Netto (USA): Case presentation and discussion

Hemamali Samaratunga (Australia): Case presentation and discussion

Kiril Trpkov (Canada): Case presentation and discussion

LONG COURSE: Prostate Cancer - An update.

organized jointly by the Working Group of Uropathology of the European Society of Pathology and the International Society of Urological Pathology

Chairs: John Srigley and Gregor Mikuz

August 31, 2011; 2:00 pm – 7:30 pm

Jonathan Epstein (USA): Update on the Gleason Grading System

John Srigley (Canada): Atypical morphological patterns as predictors of prostate cancer in needle biopsies

Glen Kristiansen (Switzerland): New diagnostic and prognostic markers in prostate cancer

Peter Humphrey (USA): Pseudo-benign and pseudo-neoplastic conditions in the prostate

Lars Egevad (Sweden): Handling and reporting of prostate biopsies

Philippe Camparo (France): Impact of ISUP recommendations of prostate adenocarcinoma staging

Larry True (USA): Treatment Effects on Prostate Cancer

Gregor Mikuz (Austria): The predictive value of the semiquantitative evaluation of the prostate biopsies
